

July 2020

Face Coverings, Masks and More

Face Coverings are now required in Jefferson County. The Jefferson County Health Department issued an [emergency order](#) on 7/14/20 requiring cloth face coverings where 6 ft of social distancing is not possible in outdoor public spaces **AND** indoor spaces, other than personal residences.

Face coverings should not be worn by young children under age 2, anyone who has medical conditions that prevents them from wearing it or anyone who is unable to remove it without assistance.

Tips on Wearing a Mask / Face Covering

To properly wear your face covering or mask:

- Wash your hands before and after putting your face covering in place.
- Make sure your face covering fits snugly and covers your mouth and nose.
- Do not touch the face covering again until you remove it.
- Masks should be positioned so that there is no need to adjust or otherwise touch the face frequently.
- If your mask becomes soiled or hard to breathe through, you should remove and not wear again until laundered.
- Remove your mask to eat and drink and if it is still in good repair, you may continue to use it.

HOW TO WEAR A NON-MEDICAL FABRIC MASK SAFELY

who.int/epi-win

Do's →

Clean your hands before touching the mask

Inspect the mask for damage or if dirty

Adjust the mask to your face without leaving gaps on the sides

Cover your mouth, nose, and chin

Avoid touching the mask

Clean your hands before removing the mask

Remove the mask by the straps behind the ears or head

Pull the mask away from your face

Store the mask in a clean plastic, resealable bag if it is not dirty or wet and you plan to re-use it

Remove the mask by the straps when taking it out of the bag

Wash the mask in soap or detergent, preferably with hot water, at least once a day

Clean your hands after removing the mask

Don'ts →

Do not use a mask that looks damaged

Do not wear a loose mask

Do not wear the mask under the nose

Do not remove the mask where there are people within 1 metre

Do not use a mask that is difficult to breathe through

Do not wear a dirty or wet mask

Do not share your mask with others

A fabric mask can protect others around you. To protect yourself and prevent the spread of COVID-19, remember to keep at least 1 metre distance from others, clean your hands frequently and thoroughly, and avoid touching your face and mask.
