

IDD Awareness Day Celebration

Every year DDRC participates in IDD Awareness Day as a way to join forces with others in the IDD community to bring our voice to the Colorado Legislature, to meet our local legislators, to highlight the work of outstanding Direct Service Professionals and to hear inspirational speakers. It's a great way to kick off IDD Awareness month in March!

This year we nominated Megan McCourt and Rita Higley, both DDRC Direct Service Professionals, to receive recognition alongside other outstanding DSPs nominated by their organizations across Colorado. Joining us for lunch and the presentations were Senator Rachael Zenzinger, Senator Jessie Danielson, Senator Dennis Hisey and aides from Representative Monica Duran's office.
