

*Welcome!*

Community Conversation and Forum  
Fall 2019

DDRC links people to services, funding and providers and offers a vast array of service options directly.

We serve over 4400 children and adults of all ages with various support needs ranging from intermittent support to needing full ongoing care.

## **Some of our priorities include:**

- ✓ **E**nsuring families have good information on services available to them
- ✓ **A**dvocating for funding which includes elimination of the long wait list for comprehensive services for adults
- ✓ **O**ur largest growth has been in Early Intervention, now serving over 800 children 0 to 3 years of age and their families
- ✓ **E**ven more focus toward Supported Employment opportunities
- ✓ **C**ontinually developing newly funded *service models*, i.e.:  
Family Care Giver, Consumer Directed Attendant Support Services, and in-home services

**We are looking for your input and thoughts too.....**

## ***Indicate the top 3 areas most important to you:***

- Assisting families to get connected with services and resources
- Behavioral health services
- Community activities/day program options for adults
- Early Intervention/therapies for young children
- Ensuring a knowledgeable and quality staff /workforce
- Family support services
- Funding and beneficial policies for services in general
- Legislative efforts to eliminate the waitlist for adult residential/comprehensive services
- Residential options and in-home services
- Technology for individuals to increase independence
- Vocational/supported employment options for individuals with IDD

# *Brief Sharing of Ideas*

## *Please Fill Out Your Input Sheet*

Share your thoughts about how DDRC might address the priority most important to you – or how we might facilitate that to be most useful to you.

Share **why** one of your top choices is most important to you.
